

How do we raise Bookworms?

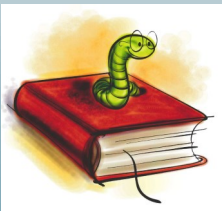

New research by the British Journal of Sports Medicine reports that children do better on cognitive tests after spending time in nature.

Article: www.NRPA.org April 2013 The "soft fascination" of nature

The Books: A new book will be placed in each section every week. The books will reflect a unique theme of each station. A variety of reading abilities will be available.

The Outdoors: It is a .5 mile paved trail with gentle slopes in four different native habitats with quiet surroundings.

How It Was Built: It was built with material donations from businesses, citizens, civic groups and volunteer labor hours. Memorial and advertising space for donors were incorporated into the design.

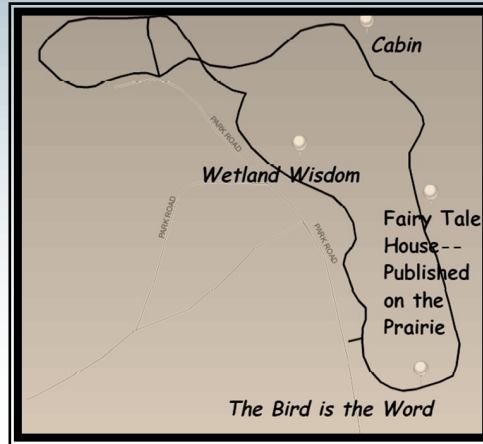

Your donated books help support the bookworm trail at Homestead Park and engages the children's minds and bodies.

and No Child Left Inside Project*

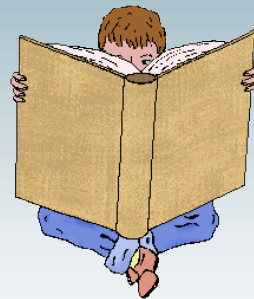

Wetland Wisdom

Log Cabin

BOOKWORM TRAIL

Wetland Wisdom

The deck overlooks the wetland.
The open viewing design was sponsored by
Boy Scout Troop 213 of Hudson.

Log Cabin

The Log cabin has a large front porch for you to
enjoy the Homestead prairie. This building is
sponsored by St. Croix County HCE and was built
by the St. Croix Valley Builders Association.

The Bird is the Word

This colorful wren house shaped playhouse,
was sponsored and built by the
St. Croix Valley Bird Club.

Published in the Prairie

This classic fairy tale theme structure was
sponsored by Hudson Daybreak Rotary.
Whimsical in design, classic in the readings.
